Nuclear Sunrise

So They Say

His shadows the blanket that couldn't keep you warm if it tried
So would you like to take a ride?
On the last free standing thought in my mind
And I hope it won't get old
I highly recommend you bring an end to what you're feeling insideYou don't scare me
I'm wide eyed mouth dried in a nuclear sunrise
Stay here and burn with me under the sun
Lay me here underneath the California sunThere's a sea of children playing in the streets with no friends
So here's to the faithless, get off you ass and start a revolutionYou don't scare me
I'm wide eyed mouth died in a nuclear sunrise
Stay here and burn with me under the sun
Lay me here underneath the California sunI will die here
(The sun)
And without fear
(The sun)I hold everything
(The sun)
Laying here under the sun
(Under the sun)I'm wide eyed, mouth dried in a nuclear sunrise
Stay here and burn with me under the sun
There's a sea of children playing in the streets with no friends
So get off you ass and start a revolution
