

# Nuclear Sunrise

## So They Say

His shadows the blanket that couldn't keep you warm if it tried  
So would you like to take a ride?  
On the last free standing thought in my mind  
And I hope it won't get old  
I highly recommend you bring an end to what you're feeling inside You don't scare me  
I'm wide eyed mouth dried in a nuclear sunrise  
Stay here and burn with me under the sun  
Lay me here underneath the California sun There's a sea of children playing in the streets with no friends  
So here's to the faithless, get off you ass and start a revolution You don't scare me  
I'm wide eyed mouth died in a nuclear sunrise  
Stay here and burn with me under the sun  
Lay me here underneath the California sun I will die here  
(The sun)  
And without fear  
(The sun) I hold everything  
(The sun)  
Laying here under the sun  
(Under the sun) I'm wide eyed, mouth dried in a nuclear sunrise  
Stay here and burn with me under the sun  
There's a sea of children playing in the streets with no friends  
So get off you ass and start a revolution
