

Aerie (Gang Of Eagles)

Jefferson Airplane

How he knows where he's going -
Never lost -
No one, well there's no one faster
Direction born in his brainHe's got no reason to hide
He's got no laws to cross
He's got
Well he's got no master
Freedom born in his nameAerie (3x)Well you can't fly human master
No you can't fly - fly by yourself
You can't fly dying master
Without a rifle on your shelfAerie (3x)
