

Green Light

Michael Knight

Yea, Yea

Michael Knight nigga

That smooth shit

OI fine ass....

[Hook]

Oh hoo

Come on give me that green light

You can let your hair hang down

Well only if it feels right

Oho, give me that green light

I need you, to give me that green light

[Verse 1]

Leave the club around 3

My baby what im tryna see

Tryna stroke it in her fucking ocean

Leave her soakin in that fucking ocean

Who you know gon do it better?

Who you know gon keep it wetter?

Michael Knight---gon do you right

Cash out balling all night

Ass dripping call it thick sauce

2 piece told her to take it off

Nipple pierced just to set it off

Best believe ima knock it out

[Hook]

Oh hoo

Come on give me that green light

You can let your hair hang down

Well only if it feels right

Oho, give me that green light

I need you, to give me that green light

[Verse 2]

Looking like a work of art

Can't leave it in the dark

Light some candles baby and the scented ones

Ass sitting, popping like a hang gun

Trigga said it best, they gon know my name
Work it out babe we fucking up the bed frame
Ass cocaine, fucking up the dope game
I need it baby, like a dope fiend
Only thing we got on, is the candles now
Standing ovation, ima take a bow
Front page, A1 superstar
Fine ass, un-cut, you're a worldstar

[Hook]

Oh hoo

Come on give me that green light
You can let your hair hang down
Well only if it feels right
Oho, give me that green light
I need you, to give me that green light

Straight up

Im just having fun man
You already know what it is
Stay on that grind nigga
I don't got time for the other shit, swear to God

Straight up

Yea, girl gimme dat
Yea, girl gimme dat, girl girl gimme dat
MK All day, ya'll know what it is
Make this shit look too easy man....
