Astronaut Down

Chroma Key

you look so mysterious
but you sound so serious
you should have told me on the phone
i'm sorry i'm sorry i don't know what i'm sayingi guess you tried to let me know
by leaving notes on the stereo
it's not the typical way to go
i'm sorry i'm sorry i don't know what i'm saying'cause i found myself
back in the bachelor scene
feel like an astronaut
in a submarine
if i fall asleep
i could fall out of bed
maybe the helmet helps
but it hurts my headlet's not get hysterical maybe you need a sabbatical
you get so angry when you're wrong
i'm sorry i'm sorry i don't know what i'm sayingyou know it came as quite a shock to find your note in the cereal box
and why'd you have to change the locks
i'm sorry i'm sorry i don't know what i'm sayingand i found myself
back in the bachelor scene
feel like an astronaut
in a submarine
if i fall asleep
i could float out of bed
maybe the ceiling helps
but it hurts my headcause i found myself
back in the bachelor scene
feel like an astronaut
in a submarine
if i fall asleep
i could fall out of bed
maybe the helmet helps
but it hurts my head
