Death Said

The Summer Obsession

(Death said)
(Death said)
(Death said)

I took a walk outside to think about my life and what it means
I heard a voice I made a choice Iâ€™ll be everything I can be
Death said â€œReady, you might go, you never know how...â€•
Upsetting, I know, Iâ€™m here to let you down
Somethingâ€™s waiting for you around the corner itâ€™s true...â€•
Death said â€œYou might go, you never know who...

I wasted time, I faced my crime, I went too long not caring
The oxygen Iâ€™m taking in, Iâ€™m taking seriously
Death said â€œReady, you might go, you never know how...
Upsetting, I know, Iâ€™m here to let you down
Somethingâ€™s waiting for you around the corner itâ€™s true...â€•
Death said â€œYou might go, you never know who...â€•
(Death said)
You never know who
(Death said)
You never know who
(Death said)
You never know who
(Death said)

I can hear it coming over me
I can hear it calling out to me
I can hear it coming over me
I can hear it calling out to me
And I never will
I never will
I never will forget...

Death said â€œReady, you might go, you never know how...
Upsetting, I know, Iâ€™m here to let you down
Somethingâ€™s waiting for you around the corner itâ€™s true...â€•
Death said â€œYou might go, you never know...â€•

Death said â€œReady, you might go, you never know how...
Upsetting, I know, Iâ€™m here to let you down

Somethingâ€™s waiting for you around the corner itâ€™s true...â€•
Death said â€œYou might go, you never know who...â€•
(Death said)
You never know who
(Death said)
You never know who
(Death said)
You never know who
(Death said)
