

Believer

Christina Milian

Life is what you make
At least that's what they say
Well I think I'm gonna make it
Fulfill my dreams one day I feel this fire growing
Deep inside of me
I'm so inspired knowing
That's its my destiny [Chorus]
I breath I'm a champion
I dream I'm a champion
I see I am a champion
Its meant to be
My wills get stronger
I can't wait any longer
I'm singing a song
That's inside of me
Because I am a believer
I know that I can make
No matter what they say
I am a believer The future is now inside today
Everyday I'm waiting
Trying to find my patience
So close I can taste it But sometimes its so hard
But I'm gonna keep on pushing
And I'm gonna keep on fighting
And I'm gonna keep trying
Because I have come to far [Chorus] The future is now inside today
Everyday I'm waiting The future is now inside today
