Advisory - the following lyrics contain explicit language:

Baby I'mma be straight up  
Don't waste no time  
I know you ain't my, you ain't my baby  
Do you think about us  
Do I cross your mind anytime I know that you, you're taken  
It'll never change  
'Cause it's always been that way  
But you know that you  
Can't fake it  
He can't give you what I got here right now  
Girl I know what you want  
No phones, we ain't even gotta talk  
Next time that he leave you all alone  
I'm gon' come through, replace him  
I'm gonna watch you  
Get naked  
I'm gonna tell you  
Girl take it  
Next time that he leave you all alone  
I'll give you all the love he not  
I'm about to take his spot Let your man know that  
Mr. Steal Your Girl is back  
So let your man know that  
Mr. Steal Your Girl is back, back Baby let me tell you what's up  
I don't trust that nigga, fuck that nigga  
Stop bringing him up  
Baby, I ain't never gave no fucks  
One fuck's too much, unless you're talking about us But I know that you taken  
It'll never change  
'Cause it's always been that way  
But you know that you  
Can't fake it

He can't give you what I got here right now  
Girl I know what you want  
No phones, we ain't even gotta talk  
Next time that he leave you all alone  
I'm gon' come through, replace him  
I'm gonna watch you  
Get naked  
I'm gonna tell you  
Girl take it  
Next time that he leave you all alone  
I'll give you all the love he not  
I'm about to take his spot Let your man know that  
Mr. Steal Your Girl is back  
So let your man know that  
Mr. Steal Your Girl is back  
I'm back  
I'm gonna watch you get naked  
I'm gonna tell you to take it  
Let your man know that  
Mr. Steal Your Girl is back  
So let your man know that  
Mr. Steal Your Girl is back, I'm back
