

Peace Of Mind

Poppy Ajudha

Float like butterflies
Free and high rise
With the sunshine

Your flaws all natural
Raindrops falling from my mind
My mind
My mind

Take you away with me
with me so easily
People say what they mean
What they mean

You are my peace of mind
Set me alight
Set me alight

Drifting across the sea
Who knows where it will lead
Iâ€™m hoping youâ€™ll save me
From this darkness
and Iâ€™ll see

Cause iâ€™m still lost in the depth of his mind field
see what i see
Through his eyes
Run so tired
Canâ€™t seem to find to find my peace inside

And though I lost my mind you are the happiness I desire
You heal me, feel me so we can
Fly away
Fly away

You are my peace of mind
You are the shadows behind
You are the moon in the night sky
Set me alight

Set me alight

You are

You are my everything

You are the moon in the night sky

You set me alight

You set me alight

im so sorry if these arenâ€™t right, i tried my best to find the correct words
