

# Crooked Crown (Album Version)

## The Anniversary

Until tomorrow  
I wear this crooked crown  
To balance the power  
Telling me to dance the night away now  
Dance the night away oh, oh, oh yeah  
I wear this crooked crown Come close, you've never been so far away my dear  
Move your hips pretty darling. Oh sugar come on  
Shake your hips pretty darling. Oh sugar come on Until tomorrow  
I wear this crooked crown  
Under the moonlight  
Asking me to raise the dead oh, oh, oh  
Raise the dead oh, oh, oh, oh, oh yeah  
I wear this crooked crown Come close, you've never been so far away my dear  
Move hips pretty darling. Oh sugar come on  
Shake your hips pretty darling. Oh sugar come on  
Move hips pretty darling. Oh sugar come on  
Shake your hips pretty darling. Oh sugar Why you wanna go and start this war  
Why you wanna go all alone  
Why you wanna go and start this war  
Why you wanna go all alone  
Why you wanna go and start this war  
Why you wanna go all alone Move hips pretty darling. Oh sugar come on  
Shake your hips pretty darling. Oh sugar come on  
Oh come on oh come on  
Oh sugar come on  
Oh come on oh come on  
Move your hips  
Shake your hips  
Oh come on
