

Cold (But I'm Still Here) [Single Version]

Evans Blue

Hello, I'm your martyr, will you be my gangster?
Can you feel my trigger hand
Moving further down your back? When you hide, hide inside that body
But just remember that when I touch you
The more you shake, the more you give away Cold but I'm still here, blind cause I'm so blind
Say never we're far from comfortable this time
Cold, now we're so cold, mine and you're not mine
Say never were far from obvious this time Wait another minute here, time will kill us after all
Now can you feel it's second hand
Wrapped around your neck? So fall into my eyes and fall into my lies
But dont you forget the more you turn away
The more I want you to stay Cold but I'm still here, blind cause I'm so blind
Say never we're far from comfortable this time
Cold, now we're so cold, mine and you're not mine
Say never were far from obvious this time You're so endearing, you're so beautiful
Well, I dont look like they do
And I dont love like they do
But I dont hate like they do
Am I ever on your mind? Cold but I'm still here, blind cause I'm so blind
Say never we're far from comfortable this time
Cold, now we're so cold, mine and you're not mine
Say never were far from obvious this time Cold, you broke me from the very first night
I'd love you til the day that I die
We're far too comfortable this time
Cold, I loved you from the very first night
You broke me til the day that I die
I'm far too obvious this time
