Torn Apart (feat. Rita Ora)

Snoop Lion

[Rita Ora]
I heard him speak but then saw his face
I knew he was the one because I dreamt this day
I was such a beginner on this thing called love
And now hes going away and now Im torn apart, so torn apart[Hook]
Youre one of them, you see me swear
You pullin triggers let you slide another day
Say goodbye to the one that got away[Snoop]
Her lips were the very first thing that I saw
She flew like an angel and that made me want her more
My reputation says Im there from love
And now shes going away and now Im so torn apart, so torn apart[Hook][Snoop]
Never let you get away, shouldn've let you got away
Get away, got away, gotta find another way
Never let her get away
Gotta find a way to stay
Never let her get away
Never let her get away[Rita Ora]
Never let her go, you never let her go
Feels like[Snoop Lion]
You see me? You hear me?
Hey![Hook]Biddy bang bang bang
I say goodbye to
