

# I Believe In UFO's

## Screeching Weasel

I believe in UFO's  
Baldheaded men with goldfish bowls  
Tied securely round their waists  
Observing us from outer space  
I believe in UFO's (x4)  
Men from space invade my dreams  
Simply confirming my beliefs  
The government will not admit  
Another race of man exists  
CI believe in UFO's (x4)  
Twinkle twinkle UFO  
There are those of us who know  
You're up above up in the sky  
Watching our planet slowly die  
SING CHORUS IN YOUR MOM'S FACE AND MAKE  
SURE YOU HIT HER WITH TINY FLECKS OF SPIT
