Deep Waters

Dokken

It's been a long time since I felt this way
You know I haven't lost my mind
I'm just tired
I see the souls on the street
They're all crying
I'm not trying to be "cause I'm no better than the dying
No I'm not trying to be the oneChorus
And when I leave this place
That other realm I'll find
Strawberry streams we'll drink from
White frosted clouds we'll sail on
And when I leave this place
That other realm I'll find
Sun dripping rainbow colors I'm sailing toYou know I never thought I'd see the loneliness of dying
You know I thought I'd be the one that wasn't fighting
How I wish that I could leave and find a place that's quiet
"cause I truly do believe that someday I will find
Deep waters we sail onNo wonder I falter
How does life release this fear
Se we can set out on that journey we call lifeWhen my friend comes to call
Will I recognize all the things that have been told
Will it fill my eyes
When the sun releases me
And the night begins to cradle
All the visions I have seen
Guide me into deep watersChorus
And when I leave this place
That other realm I'll find
Strawberry streams we'll drink from
White frosted clouds we'll sail on
And when I leave this place
Soft heathered fields we'll stroll on
Sun dripping rainbow colors I'm sailing toDeep waters
I can't seem to find you - no
I can't seem to find you - no
I can't seem to find youDeep waters
