Bad Girl

Us5

Verse 1:
We just came to the party
Them girls know how we do,
What's that look's kind of naughty,
Watch your step cause she's a bad bad girl,
She'll spend all of your money,
Leave you find the next guy
She's one hell of a shorty,
damn she's hot but she's a bad bad girl,
Bridge:
She will steal your soul and mind,
Then she'll leave you far behind
She's a crazy girl but she rocks my world,
She's so very naughty
Chorus:
Shorty's just a bad girl(bad bad girl)
A bad girl(my bad girl)
I adore
She's a crazy wild man-eater,
Shorty's just a bad girl(bad bad girl)
My girl is the baddest of them all

Verse 2:
My girl likes to get rowdy,
She's just one of a kind,
My friends they always warn me,
Boy what's up you better change your mind,
It's just not getting to me her love made me go blind,
Clip that time to get naughty damn she's hot,
But she's a bad bad girl
Bridge
Chorus
C-Part:
She looks so fine,she's the girl of my dreams,
One of a kind no one else can compete,
I can't deny how she made me loose my mind,
That girl is the baddest of them all
Chorus x2
Yeah US5,go,my girl
