Away With the Summer Days

Youngstown

I met her on a sunny Sunday afternoon
She hit me with a smile, warmer than the days of June
By then I knew she had to be in some way, a part of me
She was as beautiful as a flower in bloom, flower in bloomThe heat of the sunshine could not compare
To the heat of the passion in times we shared
And then out of the blue the cold winds cameShe went away and I'll never be the same
She went away with the summer days
She went away with the summer daysWe were inseparable and we would spend
Everyday together, night after the day would then
The time would come for the sun to leave
That's the way things had to be
And when the sun was gone, I looked around and so was sheThe heat of the sunshine could not compare
To the heat of the passion in times we shared
And then out of the blue the cold winds cameShe went away and I'll never be the same
She went away with the summer days
Summer days, oh, summer days
She went away with the summer daysThough the summertime is through
I can't stop thinking of you
I can't seem to get you off my mind
All I know is I can't wait until next summertimeThe heat of the sunshine could not compare
To the heat of the passion in times we shared
And then out of the blue the cold winds cameShe went away and I'll never be the same
She went away with the summer daysThe heat of the sunshine could not compare
To the heat of the passion in times we shared
And then out of the blue the cold winds cameShe went away and I'll never be the same
She went away with the summer days
She went away with the summer days
