

# Away With the Summer Days

## Youngstown

I met her on a sunny Sunday afternoon  
She hit me with a smile, warmer than the days of June  
By then I knew she had to be in some way, a part of me  
She was as beautiful as a flower in bloom, flower in bloom  
The heat of the sunshine could not compare  
To the heat of the passion in times we shared  
And then out of the blue the cold winds came  
She went away and I'll never be the same  
She went away with the summer days  
She went away with the summer days  
We were inseparable and we would spend  
Everyday together, night after the day would then  
The time would come for the sun to leave  
That's the way things had to be  
And when the sun was gone, I looked around and so was she  
The heat of the sunshine could not compare  
To the heat of the passion in times we shared  
And then out of the blue the cold winds came  
She went away and I'll never be the same  
She went away with the summer days  
Summer days, oh, summer days  
She went away with the summer days  
Though the summertime is through  
I can't stop thinking of you  
I can't seem to get you off my mind  
All I know is I can't wait until next summertime  
The heat of the sunshine could not compare  
To the heat of the passion in times we shared  
And then out of the blue the cold winds came  
She went away and I'll never be the same  
She went away with the summer days  
The heat of the sunshine could not compare  
To the heat of the passion in times we shared  
And then out of the blue the cold winds came  
She went away and I'll never be the same  
She went away with the summer days  
She went away with the summer days
