Getaway

[Mallory Knox](#)

hold on darling you're not alone
And there's a piece of me everywhere you go
You'll be fine here as you sit still
You got to let me in or let me go before you drown
You got to let me in or let me go before you drownCause you're dying just to tell me you're not
Baby tell me you're okay, that you're okay, cause you're dying just to tell me you're not
Baby tell me you're okay, that you're okay, cause you're dying just to tell me you're not
Well there's a place in the hallway (in the hallway) where you left me (where you left me)
Where our lies will fall on top of our love
Baby tell you're okay (are you okay?) that you're okay (are you okay?)
Cause you're dying just to tell meYou said darling I'm not alone
That there will be a piece of you everywhere I go
I won't be fine here even sat still
I got to let you in or let you go before I drown
I got to let you in or let you go before I drown
Cause you're dying just to tell me you're not
Baby tell me you're okay, that you're okay, cause you're dying just to tell me you're not
Baby tell me you're okay, that you're okay, cause you're dying just to tell me you're not
Well there's a place in the hallway (in the hallway) where you left me (where you left me)
Where our lies will fall on top of our love
Baby tell you're okay (are you okay?) that you're okay (are you okay?)
Cause you're dying just to tell meYou got to get away, you got to get away
You got to get away, you got to get awayWe'd pretend that I wasn't lying when it's all a game
And now you are playing God
You're playing with me
Is it over now?
We'd pretend that I wasn't lying when it's all a game
And now you are playing God
You're playing with me
Is it over now?
Baby tell me you're okay, that you're okay, cause you're dying just to tell me you're not
Baby tell me you're okay (are you okay?) that you're okay (are you okay?)
Cause you're dying just to tell me you're not
Baby tell me you're okay (are you okay?) that you're okay (are you okay?)
Cause you're dying just to tell me you're not
There's a place in the hallway (in the hallway) where you left me (where you left me)
Where our lies will fall on top of our love
Baby tell you're okay (are you okay?) that you're okay (are you okay?)
Cause you're dying just to tell me

You got to get away, you got to get away
You're dying just to tell me you're not
You got to get away

You got to get away, you got to get away
You're dying just to tell me you're not
You got to get away
