

# Colors

## Utada Hikaru

MIRAA ga utsushidasu maboroshi o  
ki ni shi nagara itsu no ma ni ka sokudo ageteru no sa

(The mirror that reveals my dreams  
Raises my spirits unnoticed)

doko e itte mo ii to ii wareru to  
hanpa na ganmou ni wa hyoushiki mo zenbu haiiro da

(When it's said "it's possible to go anywhere,"  
My fragmented wishes are marked entirely in gray)

honoo no yurameki koyoi mo yume o egaku  
anata no fudesaki kawaite imasen ka

(The swaying flames paint my dreams tonight  
The tip of your brush isn't dried up?)

aoi sora ga mieru nara aoi kasa hirogete  
ii janai ka KYANBASU wa kimi no mono  
shiroi hata wa akirameta toki ni dake kazasu no  
ima wa makka ni sasou tougyuushi no you ni

(The blue sky can be seen if you open your blue umbrella  
That isn't good? The canvas is yours  
I'll abandon time as I hold a white flag overhead  
In order for deep red to invite the matador now)

KARAA mo iro aseru keikoutou no moto  
shirokuro no CHESUBOODO no ue de kimi ni deatta

(Colors fade under a fluorescent lamp  
On the black and white of the chessboard, we met by chance)

bokura wa hitotoki mayoi nagara yorisoutte  
are kara hitotsuki oboete imasu ka

(The time we lost our way, we nestled close  
Do you recall that month?)

ORENJI iro no yuuhi o tonari de miteru dake de yokatta no ni na  
kuchi wa wazawai no moto  
kuroi fuku wa shisha ni inoru toki ni dake kiru no  
wazato makka ni nokoshita RUUJU no ato

(Watching the orange colors of the setting sun with you was wonderful  
Your mouth was an origin of catastrophe  
Black clothes are only worn when praying for the deceased  
The mark of rouge leaves behind deep red purposely)

mou jibun ni wa yume no nai e shika egakenai to iu nara  
nuritsubushite yo KYANBASU o nando demo  
shiroi hata wa akirameta toki ni dake kazasu no  
ima no watashi wa anata no shiranai iro

(In myself, I see no dreams, like unpainted pictures  
How many times must I fill this canvas?  
I'll abandon time as I hold a white flag overhead  
I am your unknown color now)
