nothing's wrong

East Arcadia

You know it happens all the time
Why don't you scream about it now
But what I really left behind
Was just to compliment myself
To even think about the world
To even stop and think at all
And that's exactly what my head
And now I know I fell too long
Oh I cannot wait for this to
I cannot to be a
I cannot for this to
I cannot wait to be a
I can't
I feel bad when nothing's wrong
I can't
I feel bad when nothing's wrong
I can't
I feel bad when nothing's wrong
I can't
I feel bad when nothing's wrong
You know it happens all the time
At least that's what they said to me
So now my feet are lost behind
So my feet are more like me

And when I think about the world
And I don't stop and think at all
Like it's some kind of pulling hey-ey
That it always seems like I'm wrong
Oh I cannot wait for this to
I cannot to be a
I cannot for this to
I cannot wait to be a
I can't
I feel bad when nothing's wrong
I can't
I feel bad when nothing's wrong
I can't
I feel bad when nothing's wrong

I can't
I feel bad when nothing's wrong
Oh
I can't
I feel bad when nothing's wrong
I can't
I feel bad when nothing's wrong
I can't
I feel bad when nothing's wrong
I can't
I feel bad when nothing's wrong
