Still Life

Men At Work

There's a picture in the hall, I know
And it's from a time when feelings showed
Though I hold it close before my eyes
My heart refuses to see
Loving you could have been, oh, so easy
But there is something you don't understand
Through the times when two were one completely
There was another in this well laid plan
This corridor seems to stretch for years ahead
But patient hearts cannot match times steady tread
Is this the threshold of a fantasy?
Is there still life at all?
Loving you could have been, oh, so easy
But there is something you don't understand
Through the times when two were one completely
There was another in this well laid plan
Best laid plan of ours
Watering the garden
Some comfort for the twilight years
Still, life never lingers
Marches past our veil of tears
A moment's all we've got
To have and to hold
Don't slip, don't blink
Don't turn your head
With a photographic memory
I could live in a time that used to be
Is this the threshold of a fantasy?
Is there still life at all?
Loving you could have been, oh, so easy
But there is something you don't understand
Through the times when I was won completely
There was another in this well laid plan
Loving you could have been, oh, so easy
But there is something you don't understand
There was a time when I was won completely
Our emotions, they got out of hand
