Stay In My Life

Ester Dean

Verse 1
I done met so many
I done lost so many
Been hurt by somebody
I have hurt somebody
I've been in the cold
But boy now I know
You're the one I want
I ain't letting go
Cuz I feel the love
Yeah I feel your love
And I ain't worried bout it
Boy cuz I'm so in involved
Don't know what you are
But It must be love
I hope you stayayay forever
Chorus:
Just stay in my life
Ain't nobody I wanna see, but you...you...you
Just stay in my life
Ain't nobody I wanna be with boy but you...you...you
It took me a minute
But now I know what I'm talking about
Once I got it, I wanna tell the whole world about it (yeah)
I got you in my life
Happy you in my life
You stay in my life
Yeah baby..
Verse 2
I've played a fool
Yeah I've played a few
But boy in the end
There's no game with you
I was in the rain
Then you moved the clouds
Now I ain't the same
Wanna say it loud
Cuz I feel the love
Yeah I feel your love

And I ain't worried bout it
Boy cuz I'm so involved
Don't know what you are
But it must be love
I hope you stayayay.....forever {yeah}
