

# Come Back Clean (Kaskade Dub Remix)

## The Crystal Method

In the taxi  
Spit the bad seed  
Spit the bad seed  
He came out to testify  
Rip the black jean  
With his gold teeth  
In the back seat  
He came out to testify I'm not a follower  
Don't want to follow her  
Don't want a piece of the pie  
Where I land I don't care  
I don't need a plan  
One night at a time Who kicks open every door lately?  
He can't stop  
He can't stop fighting  
Who says, "I won't leave 'til you make me?"  
He can't stop  
He can't stop losing a round Looks like me  
Dressed like me  
Just like me  
Looks like me  
Dressed like me  
Just like me In the back seat of the taxi  
He came out to testify  
In the back seat of the taxi  
Kept saying, "Who am I?"  
In the back seat of the taxi  
He came out to testify  
In the back seat of the taxi  
Said not to move, he's fine Don't play with drugs in your bloodstream  
Don't play with bugs for your bad dreams I'm gonna hold my breath 'til you come back clean  
Gonna hold my breath 'til you come back clean  
Gonna hold my breath 'til you come back clean  
Gonna hold my breath 'til you come back clean  
Gonna hold my breath 'til you come back clean In the taxi  
Spit the bad seed  
Spit the bad seed  
Rip the black jean  
With his gold teeth

In the back seat(Make it up)  
(Hold my breath)  
(Where I land I don't care, I don't need a plan)  
(I don't give a damn, I don't need a plan)Don't play with drugs in your bloodstream  
(Gonna hold my breath 'til you come back clean)Come back to us when you come clean
