

# And Darkness Shall Begin

## Occult

When the sign is given  
And our command is here  
The moon will rise its final  
The clouds turn awful gray  
And when the bells cahin  
And when the wind blows hard  
We will rise again  
And darkness shall begin  
When we receive the order  
We will obey him well  
With black eyes of hate  
We stand in battle  
And serve him as no other  
Big his triumph must be  
Worldwide the words of Satan  
And darkness shall begin  
We shall rise...  
From a cold silence...  
We will obey him...  
We will worship him...  
We will win this Earth...  
Triumph must be big...  
We will destroy it...  
We will torture them...  
They will be bleeding...  
When the sign is given  
And our command is here  
The moon will rise its final  
The clouds turn awful gray  
And when the bells cahin  
And when the wind blows hard  
And darkness shall begin  
As we march again
