The First Drop

Rise Against

I'm calling out, only echoes respond
But I scream till my voice is gone
Crouching in corners and hiding your face
I'm sick and tired of playing your gamesI'm not alone, I stand amongst the voiceless
Millions in the unforgiving sun
Here arm in arm we parade these streets
And sing our songs, and sing our songs(We've had enough)
Is there even anything left to explain?
(We've had enough)
Am I really someone you need to restrain?
(We've had enough)
Can't you listen to what we have to say?
(We've had enough)Unknowing, we lie and wait for the rain
To wash away what they have made
Face down in the dirt with your foot on my back
In the distance I hear thunder crackCome on stand up, this system of power and privilege
Is about to come to an end
Here come the clouds
The first drop is falling down, falling down(We've had enough)
Is there even anything left to explain?
(We've had enough)
Am I really someone you need to restrain?
(We've had enough)
Can't you listen to what we have to say?
(We've had enough)Our futures burn in red horizons
Ashes scattered in winds of change
Casualty numbers are rising
Now it's time to raise the stakesWe're meant for something more
Than living just to put food on our plates
I can't help but wonder
Why should we participate?(Now we've had enough)
Is there even anything left to explain?
(We've had enough)
Am I really someone you need to restrain?
(We've had enough)
Can't you listen to what we have to say?
(We've had enough)
