

Get It (feat. Just Ty)

Young Dro

You never gonna get it
I play with some bitches
And I'm gonna get it like...
I get it
You're still at my block
I'll play with that whap
I buy all the mall
I'll do it like I get it
I pull up a rock ,I'm here at the block
You know I'm gonna get it I pull up and I drop
Do it ,no socks
These shoes gonna show you how to kill
I'mma show the motherfucker how to feel it
I'mma show the motherfucker how I do it
Your bitch might be dead
I catch them with women,when they think it's cool
I'm smarter than mafia
First some mobs,it sounds familiar
I promise I'mma cut in parts like a motherfucker Watch me hit it,hit it
I didn't show it You never gonna get it
I play with some bitches
And I'm gonna get it like...
I get it
You're still at my block
I'll play with that whap
I buy all the mall
I'll do it like I get it
I pull up a rock ,I'm here at the block
You know I'm gonna get it Hey momma,you wanna see
Bitch got an Italian horse and a...
Who gets in the pool,doesn't get beaten
18 with the flow don't get beaten
Nigga I will clean the motherfucking bitch
Take them on the street and them cut them off You roll like a sushi bar
No,you know she can't get without me
I put it for
Animals in,animals out
Animals on the enemy
If the pussy keeps ...

I'mma turn into an animal
I'mma plug in
I'mma put all here like a tea pot
Under my car 50,under my car 50
You never gonna get it
You never gonna get it
Let me chop the whole 50You never gonna get it
I play with some bitches
And I'm gonna get it like...
I get it
You're still at my block
I'll play with that whap
I buy all the mall
I'll do it like I get it
I pull up a rock ,I'm here at the block
You know I'm gonna get itEvery day, every day
Every day,every day
Every day, every day
Every day,every day
