Lifetime

Steve Moakler

I'll be the protector of your heart.
The front lines of your guardian angels
We will build our love upon a rock
We'll not fear the trust in times of danger.My soul, my soul, my soul can breathe in your love
I know I know I know I come alive in your touch.
And I won't let go,
Cause it will take a lifetime to know
All of the love I have to give.You my love can be my great companion
Through the storms our love will never run
Shine like the morning,
Unveil a story
Something so much bigger than usMy soul my soul my soul can breathe in your love
I know I know I know I come alive in your touch.
And I won't let go
Cause it will take a lifetime to know
All of the love I have to giveAnd when the darkness tries to shake us
There will be nothing that can brake us
I won't let go of what I promised you
A steady heart will follow throughMy soul, my soul, my soul can breathe in your love
I know I know I know I come alive in your touch
And I won't let go
Cause it will take a lifetime to know
All of the love I have to give.It will take a lifetime to know
All of the love I have to giveIt will take a lifetime to know
All of the love I have to give.
