Elvis On Velvet

Stray Cats

Well, all night long way black top highway midnight hittin' a groove
Mustang radio, rag top jukebox, Hound Dog don't be cruel
Roadside rest stop, all night truck stop side show out of a van
A rhinestone lunch box, ashtray junk shop, key chain hittin' the fanElvis on velvet, don't know why it makes me blue
Elvis on velvet, it's got a strange effect on you
Elvis on velvet, somehow it makes me mad
Elvis on velvet, and I can see him tonight up on the road aheadWell, drift back daydream Memphis street scene 1955
A street flair flat bed three piece string band shakin' man alive
Then Heartbreak Hotel, Jailhouse Rock, Love Me Tender please
An' I'm all shooked up, too much, so treat me nice and wear my ringElvis on velvet, I don't know why it makes me blue
Elvis on velvet, it's got a strange effect on you
Elvis on velvet, somehow it makes me mad
Elvis on velvet, and I can see him tonight up on the road aheadWell, Graceland, wasteland right this way ma'am one low price to pay
His life, his love, his home, his stuff, his final resting place
Thy kingdom come, thy will be done, thy records re-released
All kneel to second guess and bless him, let him rest in peaceElvis on velvet, I don't know why it makes me blue
Elvis on velvet, it's got a strange effect on you
Elvis on velvet, oh, somehow it makes me mad
Elvis on velvet, and I can see him tonight up on the road aheadElvis on velvet, I don't know why it makes me blue
Elvis on velvet, it's got a strange effect on you
Elvis on velvet, somehow it makes me mad
Elvis on velvet, and I can see him tonight up on the road ahead
