

Amnesia

Kristinia DeBarge

Wanna be all that, yeah
You don't wanna catch the blowback, one time
But you been treated like a throwback for me
That's how you used to be so oh bad for me You got me throwed
Ooh boy you trying me
All in my phone
Texting a side piece
Now you cut off
How's life without me
Wish I could take it back to the way it was, but oh me
Cause it's like Oh
I don't, I don't know you no mo
I don't, I don't know you no mo
Oh, it's like I got amnesia every time I see ya Oh
I don't, I don't know you no mo
I don't, I don't know you no mo
Oh, it's like I got amnesia every time I see ya What's up with the clingy s**** on me
You got caught up in your feelings quick on me
And I tried, and I tried
It was fun for that time
Now you cut off my line
You lied, yeah you lie
Said you was built for this life
Boy you ain't bout that life You got me throwed
Ooh boy you trying me
All in my phone
Texting a side piece
Now you cut off
How's life without me
Wish I could take it back to the way it was, but oh me
Cause it's like Oh
I don't, I don't know you no mo
I don't, I don't know you no mo
Oh, it's like I got amnesia every time I see ya Oh
I don't, I don't know you no mo
I don't, I don't know you no mo
Oh, it's like I got amnesia every time I see ya
