

Massachusetts

Arlo Guthrie

Like a dream in the night
As the snow settles white
There's a fire burning bright
In Massachusetts And there's a house upon a hill
That keeps us from the chill
And by the grace of God
We will be in Massachusetts You can tell me about the times you spent
In the Rockies and on the plains
Please don't think that I'm the last to say
That there ain't lots of other places
In this world that still remain
Beautiful and unchanged
But they're just not the same The sun comes up to meet the dawn
And there's a day that must go on
There's another night that's gone
In Massachusetts And I could spend all of my days
And remain each day amazed
At the way each day is phrased
In Massachusetts You can tell me about the times you spent
In the Rockies and on the plains
Please don't think that I'm the last to say
That there ain't lots of other places
In this world that still remain
Beautiful and unchanged
But they're just not the same Now if you could only see
I know you would agree
There ain't nowhere else to be
Like Massachusetts And there's a house upon a hill
That keeps us from the chill
And by the grace of God
We will be in Massachusetts Come on tell me about the time you spent
In the Rockies and on the plains
And please don't think that I'm the last to say
That there ain't lots of other places
In this world that still remain
Beautiful and unchanged
But they're just not the same as Massachusetts
