You Know

Anja Garbarek

Did i tell you
Where i went this morning ?
Did i tell you
Where i've been all day ?You know
Where i go when i'm without you
You know
Behind the sky
The sun is always
Blue
Blue
BlueDid i tell you
Where i spent my evening ?
Did i tell you
Where i spent last night ?You know (you know)
Where i go when i'm without you
You know (you know)
Even among the stars
The moon is always
True
True
True
You
Only you
Only you
