

Pain (feat. Snoop Dogg)

De La Soul

[Hook: Chorus]

Pain will make you better

Tell me how you feel

Look over your shoulder

Time will make it real

Give me no excuses

I know how ya feel

Pain will make you better

Pain will make it better

Pain will make it better[Verse 1: De La Soul]

Let me see how many pams go up high

Had you licked

Side to Side[Snoop Dogg]

No wetter, four-letter, mo' better

Slow pain, no gain, go getta

Change like the weather

Solid as a rock, small piece of leather

But well put together
