

She's As Beautiful As A Foot

Blue Oyster Cult

She's as beautiful as a foot
She's as beautiful as a foot
She heard somebody say, the other day
Didn't believe it when he bit into her face
Didn't believe it when he bit into her face
It tasted just like a fallen arch
She's as beautiful as a foot

She's as beautiful as a foot
She heard somebody say, the other day
Don't put your tongue on the bloody tooth mark place
Don't put your tongue on the bloody tooth mark place
Her face changing now, a guernsey cow
She's as beautiful, oh so beautiful, beautiful as a foot
She heard someone say, the other day
