

# Long Way To Go

## Stevie Nicks

Can I be of any help to you, baby?  
She says help me, help her, help him too  
Well I made up my mind I won't be calling  
I think about you and I think about the heartbroken ones Well, it's a real long way to go to say goodbye  
I thought we already did that, have fun tell the world  
It's a real long way to go to say goodbye  
I thought we already did that, have fun tell the world High in my life, obsessive was my love  
Worth it was my time oh no, you are fading out  
Well, I can do it  
Well, I can make it one more time It's a real long way to go to say goodbye  
I thought we already did that, have fun tell the world  
Well, it's a real long way to go to say goodbye  
I thought we already did that, have fun tell the world Can I be of any help to you?  
She says help him, help her, help him too, baby  
Well, I can do it  
Well, I can make it one more time Well, it's a real long way to go to say goodbye  
I thought we already did that, have fun tell the world  
It's a real long way to go to say goodbye  
I thought we already said that, so have fun tell the world You were high in my life, obsessive was my love  
So have fun tell the world  
Oh no, you are fading out Well, can you be of any help to me?  
I don't think so, well I can do it  
Well I can make it, well, can you be of any help to me  
Have fun tell the world  
Ooh, you were high in my Life
