

Fight the Fight

The Thirsting

Fight the fight of winning isnâ€™t working anymore,
Tell me something I donâ€™t know,
â€™Cause Iâ€™m gonna hit the floor!

Take me back through my life, now
The time when I first fell in love with You,
I fought You then and I fight, You know,
In this battle that rages within.

And now what else can I do?
Iâ€™m sick and tired of hurting You,
I surrender now I gain Your truth.

(Chorus)

â€™Cause all I ever wanted was something to need,
But I need You.
And all I ever wanted was something to bleed,
But I bleed You.

Second time around tells me
Everything Iâ€™ve found was useless,
My ways and ways would be no.

And now what else can I do?
Surrender never felt so true,
And thatâ€™s the reason why I live for You.

(Chorus)

â€™Cause all I ever wanted was something to need,
But I need You.
All I ever wanted was something to bleed,
But I bleed You.

So I will not back down to what
You call me to give up for You.
I will not back down to what
You call me to give up for You, yeah!
