

Start From the Dark

Europe

Thought you were ordinary
Would not amount too much
I guess they never knew you
You found the place they couldn't touch
Said you were nothing special
Always kept to yourself
You had to fight your own way
There's always been touch too much at stake.
What you gonna do?
'Cause you're just like me
What you gonna do?
Tonight, this is where we go
To find out who we really are
We've got nothing left to lose
Tonight, this is how we breathe
To put some strength back in our hearts
We've got nothing left to lose
We start from the dark
You'll never pass for someone
Who'll find a place in life
You'd sooner take that last breath
To give away your heart and mind
What you gonna do?
'Cause you're just like me
What you gonna do?
Tonight, this is where we go
To find out who we really are
We've got nothing left to lose
Tonight, this is how we breathe
To put some strength back in our hearts
We've got nothing left to lose
We start from the dark
Start from the dark
What you gonna do?
'Cause you're just like me
What you gonna do?
Tonight
Tonight, this is where we go
To find out who we really are
We've got nothing left to lose
Tonight, this is how we breathe
To put some strength back in our hearts
We've got nothing left to lose
We start from the dark
