Hail Sathanas

Beherit

On fire of darkness
Rise a scream of hate
Satanas want vomit
On son of God's face
Your eyes have wrath
And promising a slaughter
The angels of Lucifer
Are ready to destroy
Satanas
Satanas revenge is started
And the heaven is burning
God angels are dead
And the survivors are praying
The sacred cross is breached
And demons are smiling
Because your lord Satanas
Raped the mother of false
Satanas
