

I'll Be Fine Anywhere

[Ringo Starr](#)

Sometimes it's a lonely life I lead
Sometimes I just don't care
No one around me to put me down
Me - I can go anywhere
Well I'm alone but I'm alright
I'm on my own on a Saturday night
I don't know why honey I don't care[Chorus:]
I'll be fine anywhere, I'm doing alright
I'll be fine anywhere, I know a lot about living
It don't pay to care, I'll be fine anywhere Well I say somewhere down the line
If nobody's next to me
Don't need no one to reminisce
All of my memories Well I'm alone but that's alright
I'm on my own on a Saturday night
I don't know and sugar I don't care[Chorus] I got no worries when I'm out running around
The devil don't own my my angel told me
Man you're heaven bound
Well I'm alone but that's alright
Every day is Saturday night
I don't know and I don't really care[Chorus]
