

Worth It

Young Thug

Got my bae with me, you know what I'm sayin'? If she don't get what she want she whine
I reminisce when I get high
Looked up baby and say goodbye
I tied my ties, she no longer cry, look you in your eyes, tell you that I know she livin' for a nigga, dyin' for a
nigga
I whip that pussy with no bowl jumpin' out, lil nigga
That pussy look just like a cut, a soakin' cut, lil nigga
Yeah, I'm a freak, you know I'm pullin' out the lunch, lil nigga
And bruh, I'd never snooze to lose, I would never snooze to lose on you
Yeah, I'mma give you a couple bands, want some more booze on you
Hey, I'mma sit back and pay attention like school on you
Yeah, I'mma shoot inside that pussy like a whoadie on you
Goddamn, I'm sorry b, I know you'd accepted my apology
I know that ass fat, apple bottom please
I need a deep throat baby, swallow me
I love it when you're around baby, follow me
I only eat green like koala leaf
Wish you were big guns like a call of D
She never say no, she ain't stallin' me
I got more of that dope in the a safe, hey
Can't shoot with a pistol, need a K
No, you can't see it, it is tragic by your face
But when you need I'll hide it in a safe lil place
I can see it on her face that she gettin' wet When she don't get what she want she whine
I reminisce when I get high
Looked up baby and say goodbye
I tied my ties, she no longer cry, look you in your eyes
Tell you that, I know she worth it
No these ain't no drugs, I know she worth it
Yeah, my mama say that she ain't perfect
But if this is how I'm feelin', it's gonna work
Yeah, roll me some kush, I'm on that purp Damn, I broke her heart, now my heart hurt
I don't know why but I done cut down on that syrup
At least I got that lil bitch ballin', she don't gotta work
Oh-no-no, she ain't had no job when she had a purse
Yeah-yeah-yeah, she know I'm the truth, places I'm in first
No-no-no, I don't want you bitches, y'all basic and thirsty
Yeah-yeah, she taught me one or two some time it worth it
She get on top and ride it, Kentucky derby

She see me count that money like I'm nerdy
I'mma ball some with my dawgs but they ain't curvy
Her whole body, I call it perfect
And I swear if she don't Get what she want she whine
I reminisce when I get high
Looked up baby and say goodbye
I tied my ties, she no longer cry, look you in your eyes
Tell you that, I know she worth it
No these ain't no drugs, I know she worth it
Yeah, my mama say that she ain't perfect
But if this is how I'm feelin', it's gonna work
Yeah, roll me some kush, I'm on that purp
