

# Something's Wrong

## Planet Of Zeus

Good times, bad times  
Who gives a shit about?  
And all the roads are the same  
When my car is broken down.

Something wrong with my head  
Don't know what it is  
I think I go insane  
Roll the dice once again  
I'll roll the dice till the day that I'm dead

Something's wrong with my head  
I can't believe it I think I go insane

Freaked out once again  
I think it's time to get the wills again  
Ease up with my ways  
I'm not the kind of man who stays in place

Something's wrong with my head  
I can't believe it  
I think I go insane  
Roll the dice over again  
I'll roll the dice 'till the day that I'm dead

And I believe I found it  
What I was looking for  
Singin' songs about the crazy  
A million miles away from home  
And I just feel surrounded  
By thoughts of things I should have done  
But I don't take my life for granted  
I'm just a simple kind of man.
