The Ballad Of The Nameless

Cold

Nameless the same since
He moved out to the edge of town
Near the wreckage by the falls
No one ever would claim him
Story was he came to town
Then the devil took his soul

We all know your game here
We're not gonna stand around
And just watch you lose control
We all know your game here
We're just gonna stand our ground
It's the devil that you owe

One day nameless was loaded
Went into a bar down south
With a shotgun and a cross
Smiled at the people he noticed
Ordered everyone a round
Then unleashed the rage he holds

We all know your game here
We're not gonna stand around
And just watch you lose control
We all know your game here
We're just gonna stand our ground
It's the devil that you owe

We all know your game here
We're not gonna stand around
And just watch you lose control
We all know your game here
We're just gonna stand our ground
It's the devil that you owe
