

Amandine Insensible

Sevdaliza

There's a woman
She fails him every time
She can't come down
She lives to be declined
There's a woman
She's every fantasy
And no reality
In one
There's some gravity
Pulling her essence down
There's a remedy
For them motherfuckers around
There's a woman
She's every fantasy
And no reality
In one
It bring her back to life
How can i suffer without the pain
Can we struggle without our shame
It brings me back to life
How i can suffer without the pain
Can we struggle without our shame
I wish i could cry
I wish i could die
I wish i could cry for help
(but my heart is too cold)
