Our Anniversary

Charlie Wilson

(Verse)
Listen up, my love
Now we're fit don't I forget
I got some tricks up my sleeve
2 tickets for us headed to paradise(Verse)
Reservations done, check
Flowers in my hands, smelling good check
So tell all your friends to tell a rain check
2 tickets for us headed to paradise(Pre-Chorus)
Girl it's my favourite day of the year
Only because you're by my side
We gon' be making love all night
Reminiscing all the good time(Chorus)
The day I laid eyes on you
That's when you made me brand new
Today is a holiday for 2
It's our anniversaryTonight we're gonna celebrate
Cheers to another year with me
Today is a holiday for 2
It's our anniversary(Verse)
Listen up, my love
Now look how far along we've come
You changed my life no one
Could ever come close to the job that you've done(Verse)
You're an angel on earth
One of the best of heaven's worth
Divine master piece
Can't believe that you ever chose me(Pre-Chorus)
Girl it's my favourite day of the year
Only because you're by my side
We gon' be making love all night
Reminiscing all the good time(Chorus) x2
The day I laid eyes on you
That's when you made me brand new
Today is a holiday for 2
It's our anniversaryTonight we're gonna celebrate
Cheers to another year with me
Today is a holiday for 2
It's our anniversaryIt's our anniversary
