Desiree

Tahiti 80

Everything returns again
Both the laughter and the rain
She is living somewhere for a while
Still I ask her in my lonely way to stayDesiree, Desiree
Now she's leavingDesiree, you know
How it hurts me
Living alone through all the years
Nothing can hold the tears in meEverything remains the same
Yet she answers not her name
Still if I could look beyond these skies
Standing here again before my eyes I'd seeDesiree, Desiree
Now she's leavingDesiree, you know
How it hurts me
Where do I run to, is it real?
Nothing but pain I feel for realDesiree, you know
How it hurts me
Living alone through all the years
Nothing can hold the tears in meDesiree
La la la la la
La la la la la
