Keep Secrets

Saosin

You should have never come here, I know
You're making a mistake
Keep your eyes shut, tightly closed and pray for yourself
I've said all I can say
You keep yourself so tightly wound
It's about time you break
It's not enough, my foolish words will never
I've kept my secrets you will never know
But you'll stay and you're still here
So get it out now, get it out now, where we can go?
I feel like there is someone still here
Hiding in this place
Maybe they're beneath the floorboards
She's scared, fighting to keep it safe
You keep yourself so tightly wound
It's about time you break
It's not enough, my foolish words will never
I've kept my secrets you will never know
But you'll stay and you're still here
So get it out now, get it out now, where we can go?
I never had the faith to pick myself up
Come down and take me
I never had the faith to pick myself up
Breathe in, breathe out
Like a magnet you can pull me closer
All these words are about to end like this
I was stagnant then you entered my life
And held it in your hands
I've kept my secrets you will never know
But you'll stay and you're still here
So get it out now, get it out now, where we can go?
Is this the end of myself?
Is this the end? Is this the end?
Is this the end of myself?
Is this the end? Is this the end?
This is the end of myself, this is the end
