

# Visions of the Sea

## Elf Power

It's too late  
The light has gone  
So listen to the siren song  
Calling from the seaThe day is dark  
The streets are cold  
An empty face, an empty hole  
All the voices screamThe birds above  
The worms are under me  
Cast your eyes  
To the visions of the seaCome outside, the rain is here  
Slip away and disappear from the deep  
And the years will pull you underneathEat the plate, drink the cup  
Tell the fish to wake me up  
I'm crawling from the deepAnd the years will pull you underneath  
Cast your eyes to visions of the seaThe wind will blow  
The ships will sail  
The birds are shrieking  
Through the air  
Calling from the seaThe blackness lifts into the sky  
Drifting past the wandering eyes  
Watching you asleepThe birds above  
The worms are under me  
Cast your eyes  
To the visions of the seaAnd the years will pull you underneath  
Cast your eyes to visions of the sea
