Telepathy

Lene Lovich

I know what ya done
I saw ya in my crystal
I saw you making love
I'm gonna get my pistol

Telepathy's gonna be the death of me
Telepathy's gonna be the death of me

I know what ya done before you even do it
Don't tell me yer story I can see through it

Love is really mutual trust
Respect and understanding is a must
But my baby's mind is like a TV
And everthing I see make a fool of me

I know what you've done, yeah
You think I don't know
You been playing round with Mrs. So-And-So

Telepathy's gonna be the death of me

Oh, those little lies
Right, behind your eyes
I don't need no spies
With my ESP
You're not fooling me
But ohhhhhh, the jealousy

Love is really mutual trust
(la-la-la-la-la)
Respect and understanding is a must
(la-la-la)
But my babys' mind is like a T.V.
(ah-ha, ah-ha)
And everything I see makes a fool of me.

I know what you done, I saw you in my crystal
I saw you making love; I'm gonna get my pistol

Telepathy's gonna be the death of me
Telepathy's gonna be the death of me

Telepathy (telepathy)
Telepathy
(telepathy)
