

# Slide

## L7

I put your stuff out on the porch, lettin' you slide  
You pissed in your pants and put out the torch, lettin' you slide  
You splattered the bathroom with your hair dye, lettin' you slide  
I'm a kickin' you out and you know why Yeah, I been letting you slide  
You been along for the ride You put your cane into my amp, lettin' you slide  
When it comes to losers, you're the champ, lettin' you slide  
From my garden, I pull your weed, lettin' you slide  
Your stupid ego, I will not feed, no Yeah, I been letting you slide  
You been along for the ride  
Yeah, I been letting you slide  
You've been a thorn in my side I put your stuff out on the porch, lettin' you slide  
You pissed in your pants and you put out the torch, lettin' you slide  
You splattered the bathroom with your hair dye, lettin' you slide  
I'm a kickin' you out and you know why, boy Yeah, I been letting you slide  
You been along for the ride  
Yeah, I been letting you slide  
You've been a thorn in my side Get on outta here boy  
It took me three weeks to clean my bathroom  
You know these amps don't grow on trees
