Masonic Youth

Rifle Nice

away and what to us 0 nazarite
you have to destroy
we know who you are
holy one of God
"COME FORTH OUT"
PLUCKED UP AND DOUBLE DEAD
what is done
what is said
fiom deathbed to deathbed
the paste faced men
a collection collective
bedside manner grimthis darkness does not want me
it refuses to hold me
who will hide me in the fowl air
of my own heart's desiresyou're the most beautifial thing
i've ever seen
in all four directions
i, learning who you have been
he is not you, this strawmanlet me take a look
let me take a stab at it
pitch black
He has stood my ride
hey living symbol
living symbol
girl come inside
who is this to speak before him
pleading to gnaw the bones of Moses
"be ye quiet and come forth out"
plucked up and double dead
what is said...what is done
holy one
churning up a foam sea
be ye quiet shipwreck inside of me
