

# Desperate Measures

## Marianas Trench

Gonna make a heartthrob out of me  
Just a bit of minor surgery  
These desperate times call for desperate measures  
I'll give you something to cry about  
Show some skin and would be cache  
How could you let this get to desperate measures now? For a first effort this,  
Feels kinda last ditch  
I guess this just  
Got kinda drastic  
Trust us you just fell off the bus baby I can't let this, I can't let this, I cant let this go  
I can't let this, I can't let this, I cant let this go I can't let this, I cant let this go  
When I got you right where I want you  
I been pushing for this for so long  
Kiss me, just once, for luck  
These are desperate measures now Have a piece of American dream  
Open up, and swallow, on your knees  
And say "Thank you"  
I'd like some desperate measures, please For a first effort this,  
Feels kinda last ditch  
I guess this just  
Got kinda drastic  
Trust us, you just fell off the bus, suckers  
Yeah, well, payback is a mother fucker I can't let this, I can't let this go I can't let this, I cant let this go  
When I got you right where I want you  
I been pushing for this for so long  
Kiss me, just once, for luck  
These are desperate measures now I can't let this, I can't let this go Forever, for worse, or better  
My boy heart will only surrender  
Go forever, for worse, or better  
My boy heart will only surrender, now I can't let this, I can't let this go  
When I got you right where I want you  
I been pushing for this for so long  
Kiss me, just once, for luck  
These are desperate measures now I can't let this, I can't let this go  
When I got you right where I want you  
I been pushing for this for so long  
Kiss me, just once, for luck  
These are desperate measures now I can't let this, I can't let this go
